Christian Fils-Aime

7 East Sycamore Street, Central Islip, NY 11722 Cell phone : (631) 463-5542 christianfils78@gmail.com

EDUCATION

• **Stony Brook School, Stony Brook NY**- 8th- 12th Grade. Sept 2021- May 2025
*Advanced placement courses and major core classes.
• **Stevens Institute of Technology- Hoboken NJ**- Undergraduate Studies. Sept 2025- Present
*Mechanical Engineering Major- The majority of my education at the Stevens Institute of Technology has been centered around Physics, Math, CAD, Engineering Design, and Electrical systems.

WORK EXPERIENCE

The Arbors Assisted Living. Bohemia, NY. July 2024-Sept 2025
• I worked as a recreational assistant where I helped and engaged with the residents during various activities. I then transferred into the dining department where I worked as a server and assisted in the dining room set up, serving meals and cleaning up. I integrated as a helpful and efficient part of the staff and had great rapport and interaction with the residents.
Sparrow Wine & Liquor. Hoboken, NJ. September 2026- Present
• I work on the main floor as an expediter. In this position I am tasked with juggling different roles and responsibilities including, handling online services, cashiering, stocking, and customer relations. My position demands that I juggle several operations at once and prioritize tasks and deadlines while also helping to solve problems that may arise.

EXTRACURRICULARS

High School
• **Varsity Lacrosse**- 2021- 2025. Remained committed and consistent as a dedicated team member for the entire 4 years of high school.
• **Rowing team**- 2022- 2025. Learned many teamworking and perseverance skills as a crew member.
• **Robotics Team**- 2023- 2025. Integral member of STEM focused team that faced many challenges and difficult tasks in order to achieve our set goals.

College
• **E- Boat Team**- 2025- present. I am the social chair, as well as an active member, for my school's PEP competition electric boatworks team. As the social chair I help organize team events and meetings to help grow and strengthen our community. When I'm not doing that however, I mainly work in CAD and fabrication for our Manned boat's cooling system.
• **Rock climbing**- 2026-present. In order to stay active and healthy outside of school and work I rock climb between 6 and 10 hours a week recreationally, allowing myself to destress while also strengthening my body.

LEADERSHIP

• **International Council member**- 2024-2025
• **Peer Mentor Captain**- 2023-2025

ACADEMIC AWARDS

• Dean's List
